Agenda

CYBER WEEK @LAC4 2025
17-20 November
Santo Domingo

Monday 17 November

Hotel Hyatt Centric Santo Domingo

17:00-21:00 **CyberWeek@LAC4 2025 Opening**

17:00 **Opening Remarks**
Raúl Fuentes Milani, EU Ambassador to the Dominican Republic
Guido Gómez Mazara, President of INDOTEL
Liina Areng, President of LAC4

17:30 **Opening Conversation: "Trust on the Edge: CSIRTs Leading Battles on Bits and Beliefs**
As digital and societal trust come under simultaneous pressure, the LAC region faces a new generation of cyber challenges. Quantum computing is reshaping the foundations of cryptographic security, while disinformation campaigns exploit networks to distort perception and destabilise institutions. In this opening conversation, Heads of CSIRTs from LAC and Europe, together with a private sector representative explore how to defend both system integrity and information credibility. The scene-setting discussion will examine how LAC can build borderless resilience when the frontlines now span both bits and beliefs.

Carlos Leonardo (CSIRT-RD), Veikko Raasuke (CERT-EE) , Ruben Avendano (CrowdStrike), Anish Bachu (TT-CSIRT), Julián Di Césare (CERT-AR)
